THE CORPORATION OF THE DISTRICT OF SURREY

BY-LAW No. 1360

A By-law to Provide for Draining Parts of Section 24, Block 5 North, Range 2 West, in the District of Surrey, and for Borrowing on the Credit of the Municipality the Sum of Nineteen Hundred Dollars (\$1,900) for Completing the Same. This By-law Was Provisionally Adopted the Eighth Day of August, 1955.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the drainage have petitioned the Council of the said District of Surrey, praying that a drainage-ditch to benefit Section Twenty-four (24), Block Five (5) north, Range Two (2) west, in the District of Surrey, be constructed:

And whereas thereupon the said Council procured an examination to be made by John A. Furiak, being a person competent for such purpose, of the said locality proposed to be drained and has also procured plans and estimates of the work to be made by the said John A. Furiak, and an assessment to be made by him of the land and roads to be benefited by such drainage, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such drainage by every lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said John A. Furiak in respect thereof and of the said drainage being as follows:—

"ENGINEER'S REPORT RE PROPOSED DRAINAGE OF SECTION 24, Bk. 5 N., R. 2 W., UNDER SECTION 114 OF THE 'MUNICIPAL ACT.' COMPILED JULY 25TH, 1955.

"A topographic description of the above property is that it is a basin bordered on the west by the Nicol Road, on the north by the Ferguson Road, on the east by the Archibald Road and on the south by the Hjorth Road, comprising an area of approximately 160 acres. (Sections north of the Townline Road are 160 acres.)

"This basin is at a general elevation of approximately 325 feet above sea-level and is in fact the headwaters of what is known as Bonaccord Creek. The outlet for this basin becomes effective at the north-east corner of the section and thereby leaves a larger portion of the section up to and including a portion of the Nicol Road in a swampy condition and needing drainage very badly.

"Acting on requests by property-owners for drainage improvement, I first inspected this area in 1948 and carried out preliminary surveys and planned the location of a ditch which would traverse through the centre of the section going due east and thence north, utilizing a portion of the natural watercourse which is a part of Bonaccord Creek. The location and detail shown on plan attached.

"Various estimates have been made in preparation for carrying out this work on which the Corporation felt obliged to contribute the sum of \$600 towards this work as a grant-in-aid. The rest of the cost to be borne by the property-owners. This contribution to be made only if the ditch was to continue to the Nicol Road.

"Failure to unite the property-owners in this scheme has necessitated adjusting the estimate according to the rise in cost, which is finally submitted at \$2,500. This is for cleaning out the watercourse from the north boundary of Lot 12 to the south boundary of Lot 19 of Plan 9014 and widening the channel by excavation and constructing a new dragline ditch the remainder of the distance to the Nicol Road. Also a tributary ditch from a point near the north-west corner of Lot 20, thence south to the Hjorth Road.

"In assessing the costs it was felt that Lots 1 to 8 and Lots 10 and 11, Plan 9014, and Lots 1, 2, and 3 of Plan 9481, which are located on the Ferguson Road, would receive no benefits from this drainage as the ravine is sufficient in depth. Therefore, they have been excluded from the acreage used in calculating the factor.

"Further, Lots 12 to 20, inclusive, and Lot 5 of Plan 6088, it is felt, will receive some benefit from this drainage, but the properties will be split by an enlarged watercourse, and it was felt that 10 per cent should be deducted for this inconvenience. This 10 per cent was distributed over the remaining lots.

"In summary, Lots 12 to 20, inclusive, and Lot 5, Plan 6088, would then be assessed \$11.30 per acre and the remainder of the lots in the section would be assessed at \$12.87 per acre.

"The above costs include by-law expenditures but not interests on debentures."

And whereas the said Council is of the opinion that the drainage of the locality described is desirable:

Be it therefore enacted by the said Municipal Council of the said District Municipality of Surrey, pursuant to the provisions of the "Municipal Act":—

1. That the said report, plan, and estimates be adopted, and the said drain, and the works connected therewith, be made and constructed in accordance therewith.

2. That the Reeve of the said District Municipality of Surrey may borrow on the credit of the Corporation of the said district municipality the sum of nineteen hundred dollars (\$1,900), being the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, and payable within five years from the date thereof, with interest at the rate of five and one-half (5½) per centum per annum, that is to say, in annual payments, such debentures to be payable at the Municipal Hall, Cloverdale, British Columbia, and to have attached to them coupons for the payment of interest.

3. That for the purpose of paying the sum of nineteen hundred dollars, being the amount charged against the said lands so to be benefited as aforesaid, other than lands belonging to the municipality, and to cover interest thereon for five years at the rate of five and one-half (5½) per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied upon the undermentioned lots and parts of lots; and the amount of said special rates and interest assessed as aforesaid against each lot or part of lot respectively shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid, in each year, for five years after the final passing of this by-law during which the said debentures have to run:—
